

# ALL NATIONS

## FELLOWSHIP

### **The Role of the Worship Facilitator (WF)**

Imagine that you went to a remote village and shared the good news of Jesus Christ. By the grace of God, several people received Jesus Christ into their lives and became believers. Now, you are the only one who can teach them about how to worship God on Sundays. They all rely on you. How are you going to lead them into Sunday Corporate Worship?

1. Prepare for Sunday Corporate Worship with prayer.
  - Pray for your worship group members to experience God's presence.
  - Pray for Sunday Corporate Worship for ten minutes starting at 1:40 pm, as we have done in church each week.
2. By Saturday noon, ask one of the group members to pray for worship.
3. Prepare background music to play during the time of *Silent Prayer*.
4. Prepare to play the pre-recorded sermon.
5. Read over the sermon passage several times as practice and bookmark it for easy reference.
6. Read the Benediction several times as well.
7. Try speaking and reading everything out loud in a slightly higher tone and pitch than usual.
8. Reach out to each of your worship group members throughout the week and have a test video call with them in advance of Sunday Corporate Worship.
9. By Sunday at 1:50 pm, send an invitation link to the video call to all of the group members.
10. Following the end of Corporate Sunday Worship, send a report to Pastor Daniel, outlining how many people participated, their names, any difficulties, your overall experience, etc.
